Welcome to Globe Honors 2011.

Globe Honors began three years ago with the simple goal of encouraging young people who give their hearts and souls to theatre. We were amazed by the students who auditioned that first year and have continued to be thoroughly impressed and encouraged by the continuing stream of knock-out talent we've seen ever since.

To theatre-lovers everywhere, the future of this art form that we love is in good hands. Tonight you'll see just what we have to look forward to on the stages of San Diego, New York and wherever these young people end up.

This is a night to celebrate talent and commitment, and we are thrilled to be able to present these young people to you.

Congratulations to all of the students who auditioned this year - and break a leg!

*Louis G. Spisto, Executive Producer*
