WELCOME TO GLOBE HONORS

Prepare yourself for a night to remember. Tonight, San Diego’s top young talents make it clear that the future of American theatre is in good hands. Some will walk away with prizes, but all will walk away with our deepest respect. We honor them all tonight.

Thanks to our Education donors (listed below) we are now in our fourth year of presenting Globe Honors. So far we’ve sent six students (and two more will go this year) to New York for the National High School Musical Theatre Awards (The Jimmy Awards™) and provided more than $20,000 in scholarships since 2009.

Thanks to our generous donors, seven of tonight’s contestants will receive scholarships, theatre experiences and learning opportunities.

Center Theatre Group has arranged for five winners to see a production of War Horse during our new LA Experience tour in June. They’ll meet with Erika Sellin, CSA, Director of Casting at CTG, and will tour the theatres there.

The two winners in the Leading Role category will head to New York for The Jimmy Awards™. This year the Nederlander organization celebrates its 100th anniversary, and Broadway/San Diego, A Nederlander Presentation, celebrates by joining with us to support those winners on their trip. Those students will spend six days in New York rehearsing, seeing shows, networking and competing for scholarships and national recognition.

Join us as we celebrate the talent and drive that these young performers share with us. And join us in thanking our partners for making this wonderful event possible.

Enjoy the show,
Roberta Wells-Famula, Director of Education
